SPARTANUS

Volume II *1959*

Garden Spot High School

New Holland, Pennsylvania

Eastern Lancaster County Joint School District

Foreword

With the closing of this school year, we approach new and unlimited horizons. It is with deep pride and admiration, that we, the "Spartanus" staff present this second edition of our yearbook.

In reflecting briefly, we see many problems still confronting us but we know, too, that only we can solve those problems. Next year we envelop ourselves with new surroundings but we know that the same traditions, desires, hopes, and achievements will still follow us to our new surroundings.

Recorded within these pages for posterity are some of the very basic elements of our days at Garden Spot High School. Although no book can really capture the spirit and the activities of our students, we feel that we have attempted to meet that challenge in a realistic manner.

Memory is elusive—but none of us will ever forget the truly fine contributions you have made.

As you uphold many ideals in your life, we, too, wish to uphold one of ours. In this dedicatory manner, we therefore say "thanks" to you for all that you have done.

Appreciation

The Class of 1959 wishes to express its sincere gratitude to you, Mrs. Knight, Mr. Gamber, and Mr. Yost, for the guidance you have given us as class advisors.

With its main purpose of combining the efforts of the students and the administration by creating a close cooperation between the two, the Garden Spot Student Council, advised by Miss Elizabeth Troxell, is organized within the school to provide the students of the school with a governing body based on democratic principles.

Three of the most outstanding activities sponsored by the council were the organization of the Alma Mater Contest, planning of a series of "Bundle Days" for underprivileged children, and the planning of a school handbook. To be included in the handbook is a "Code of Conduct" for bus students which was also prepared by a student council committee.

At the suggestion of the student council, the formation of a National Honor Society within the Garden Spot High School was considered and approved by the faculty. Arrangements made by the council also made it possible for students to travel by bus to two Friday night away basketball games. Basketball jackets were purchased for the Junior High Team and along with the senior classes the council is helping to purchase new graduation caps and gowns for the school. The organization of the newly formed fencing club was also aided by the council when it purchased several masks and foils for the club.

By this interest in other school functions the Garden Spot Student Council has been able to create in the past, and will continue to in the future, a median between the student body and the faculty.

Cooperating with the Senior High Student Council, the Junior High Council, advised by Mr. Richard Sherr is the governing body of the junior high school students. Its aim is also trying to promote the general welfare of the students and coordinate the activities of the school.

Introduction of a Savings Stamp Program to the students of the junior high was their biggest undertaking for the year. The campaign, held every week, helped the students save to buy United States Savings Bonds.

Collection for the March of Dimes was promoted by the junior high council as well as the Sir Valentine Contest sponsored by the Heart Haven. Both campaigns were promoted in the senior high in like manner. The student council also cooperated with the senior high council in sponsoring the buses which were taken to away basketball games, and in collecting clothing during "Bundle Days".

Working with the Senior High Council, the junior members have chosen the outside programs to be presented in the assemblies and have planned several combined and separate dances for the students. The council is also responsible for the awards presented throughout the year.

Though being in existence for only two years the junior high student council has made a large mark in the unification of school life.

With Mr. Robert Weaver as their coach, the Spartan Booters did their best to have a winning soccer team. Although they did not reach the district playoffs, they were runners-up in county competition. Five members of the team represented Garden Spot in the All-Star Team. They were Barry Hoffard and John Gingrich, first string; Dick Dyer, second string; with Allan Skiles and Donald Hollinger listed on Honorable Mention.

The Spartans anticipate a winning team next year, despite a heavy loss of seniors.

Coached by Mrs. Roy Brandau, the Spartans ended their season with a record of two wins, five losses and one tie. Co-captains Gladys Ream and Dorothy Rutter, both juniors, were elected by the team at the beginning of the season.

Twelve of our girls attended Playday which was held at Hempfield High School on October 27, with thirteen local schools participating. There were 12 teams competing against one another and each team consisted of a representative from each school.

Although our team was not a championship team this year, they look forward to a bright future.
